

Designflooring
for stylish and professional
flooring solutions

Why Designflooring?

The European supplier of commercial and residential luxury vinyl tile flooring.

Designflooring is part of one of the world's leading luxury flooring companies, with a passion for developing imaginative and innovative products. Our main markets are Germany, France, the Netherlands and we supply Designflooring throughout Europe and the Middle East.

A global commercial flooring service

Our state-of-the-art warehouses and delivery fleets provide our customers with samples and flooring efficiently and effectively.

We have dedicated support for commercial flooring projects and a range of high quality specification tools.

Designflooring and the environment

Designflooring is committed to continuous improvement in manufacturing, logistics and sustainability.

Environmental awareness is designed into everything we do. All products are manufactured to the recognised environmental criteria ISO14001.

Designflooring falls under the M11 section of the Ska Rating and is eligible for inclusion for the generic A/A+ rating in the BRE Global's Green Guide to Specification depending on application and specification. Every Designflooring product also carries low-VOC certification from Eurofins rated A+ following the French regulations.

Designflooring and quality

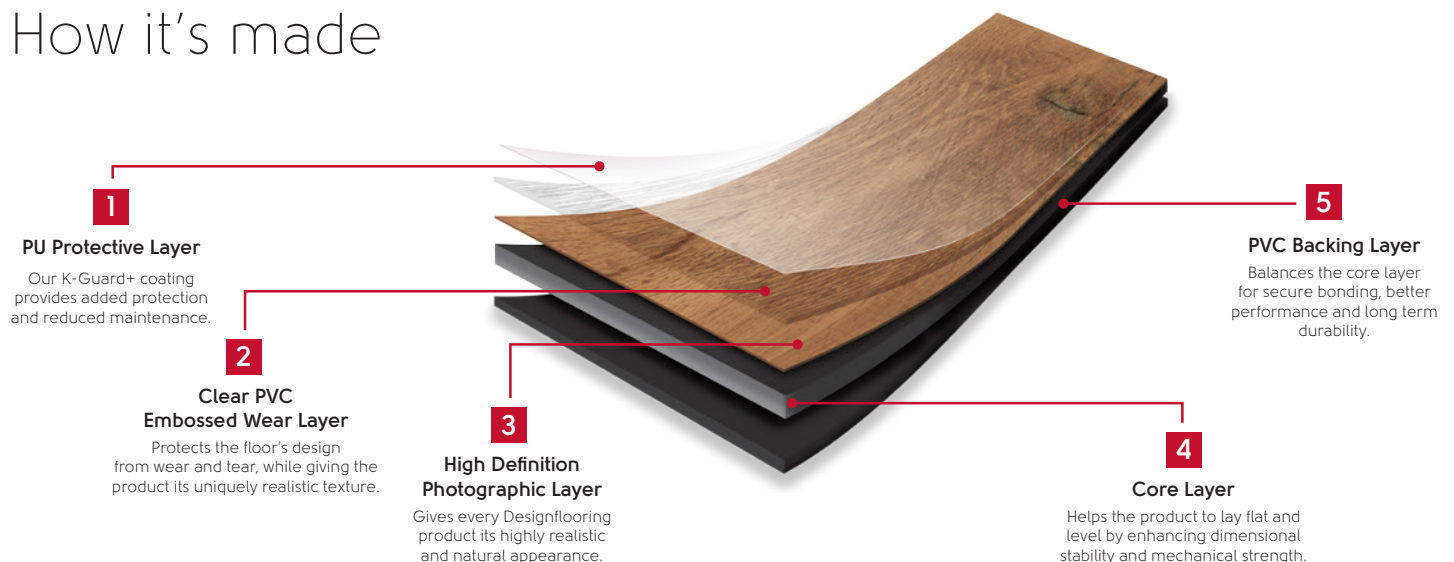

All Designflooring products are manufactured in factories certified to the ISO 14001 Environmental Management and ISO 9001 Quality Management International Standards. Making sure standards are kept to is just the start, we have strict quality control mechanisms in place across our business to make sure that our products get to you in top condition, ready to perform.

The benefits of our flooring products

There are many benefits to using our products. Here are just some of them:

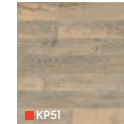

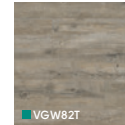

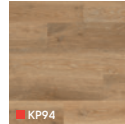

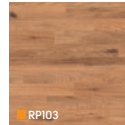

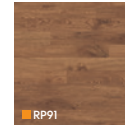

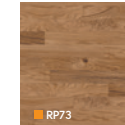

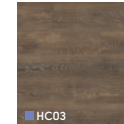

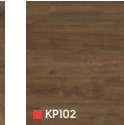

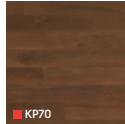

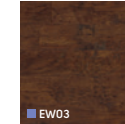

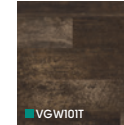

- A wide range of highly realistic wood and stone inspired designs
- Flexibility - allows zoning by use of different LVT designs or mixing with other floor types
- Quicker to install and lighter and easier to handle than many natural flooring products
- Extremely durable
- Easy to maintain with 100% biodegradable detergents
- Warm and quiet underfoot

Stone at a glance

Designflooring LooseLay at a glance

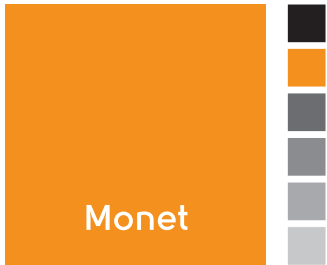

Our premium Art Select range will suit your higher specification projects with intricate designs and a 0.7mm PU-treated wear layer. Our hand-scraped timber effect planks are handcrafted to add individual character.

Small plank formats gives you the versatility to lay in a number of elegant Parquet style patterns. Our premium Art Select Stone collection brings the natural beauty of travertine, slate, marble and limestone to life.

AP01 Blond Oak

The newly updated Monet range contains Designflooring's selection of slim, bevelled wood planks and larger textured tiles.

It combines designs with timeless appeal and durability with a 0.7mm PU-treated wear layer.

RP94 Scorched Oak

Making a statement is easy with our range of metallic, mosaic and pebble floor tile effect designs with registered emboss.

Supplied in a durable 0.55mm PU-treated wear layer format, Michelangelo floor tiles can bring texture and colour into a commercial space.

MS1 Galacian Quartz

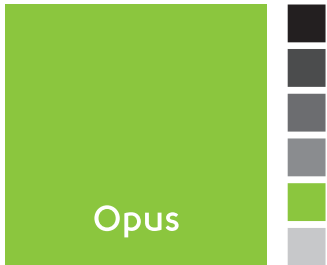

Designflooring's large wood planks reflect both the look and feel of real wood flooring. The Van Gogh range consists of traditional wood tones and contemporary distressed effects and shades.

Each design is available in a durable 0.55mm PU-treated wear layer.

VGW100T Aged Redwood

The Opus range was designed with commercial specifications in mind and includes our largest plank and tile sizes. With a 0.55mm PU-treated wear layer.

It includes clean, contemporary stone flooring effects and popular natural wood flooring inspired planks. A fusion of diversity, style and modern aesthetics.

SP213 Urbus

Our Rubens range is suitable for lower footfall commercial spaces and the house build sector. Each wood plank and floor tile is provided with a 0.3mm PU-treated wear layer.

Rubens has our widest selection of designs, including a variety of design strips and borders.

KP99 Lime Washed Oak

Designflooring LooseLay

Designflooring LooseLay is a new format of luxury vinyl flooring that's quick and easy to install. This product uses an innovative backing which eliminates the need for click-locking as the weight and friction of the material itself secures the floor in place.

Featuring excellent dimensional stability and enhanced acoustic properties, each design is available in a durable 0.55mm PU treated wear layer.

Palio Clic Designflooring

Palio Clic by Designflooring is a new luxury vinyl flooring product with a patented click-locking system.

Designed for quick and easy installation, with Palio Clic you can achieve an authentic and luxurious feel in your space in no time at all.

Our inspiration and the environment

At Designflooring we find inspiration for our products in the beauty of the natural world.

To make sure our environment is protected, we do everything we can to continuously improve our manufacturing processes.

Inspired by natural materials, many of our products feature realistic embosses, handcrafted to reflect the unique patterns and textures of real wood and stone.

Our passion is for developing imaginative and versatile luxury vinyl flooring with the look of simply beautiful, natural floors.
